

# SAVE THE DATE

## APRIL 14, 2018

# WKAECE SPRING INSTITUTE

### Keynote Speaker: Dr. Mike

Dr. Mike (Mike Longoria) has a Ph.D. in early childhood education and has 25 years of early childhood experience in the capacity as a Pre-K, kindergarten, and special education teacher, Head Start administrator, University professor, independent consultant, curriculum developer, and recording artist.

His innovative and original approach to integrating music and movement in the classroom engages parents and educators to experience the joy and excitement it brings to a child's learning, while developing "muscles in young brains". This form of teaching not only makes learning F-U-N- fun, but more importantly, it meets the needs of ALL children. Furthermore, research supports that movement is the preferred style of learning for "fidgety", "overactive", "restless" and "troublesome" children.

**When:**  
**April 14, 2018**

---

**Where:**  
**West Kentucky  
Community and  
Technical College  
– Emerging  
Technology Bldg**

---
